Where are you from originally?

How long have you been surfing and how did you get started?

What level surfer are you – whitewash warrior or chasing green waves?

What board are you rocking?

What beaches do you normally surf and why?

What do you do for work? Any cool hobbies or interests outside of surfing you want to share with us?

What has been your best surf or ocean experience so far?

Any surfing goals you want to smash this year?

What do you love about the Surf Witches?

What advice would you share with other women starting out?

INSTRUCTIONS:

Please type in your answers and email them to thesurfwitches@gmail.com along with a minimum of 3 images of you (including the photographer's handles so we can credit them).

We prefer images of you surfing or at the beach but if you don't have any that's totally fine - as long as they are photos of YOU doing something you love.
